## Business and Patriotism A Non-Partisan Appeal to the Nation

THE WHITE HOUSE  
WASHINGTON

April 21st, 1916

To the Business Men of America:

I bespeak your cordial cooperation in the Patriotic service undertaken by the engineers and chemists of this country under the direction of the Industrial Preparedness Committee of the Naval Consulting Board of the United States.

The confidential industrial inventory you are asked to supply is intended for the exclusive benefit of the War and Navy Departments, and will be used in organizing the industrial resources for the public service in National Defense.

At my request, the American Society of Civil Engineers, the American Institute of Mining Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Chemical Society are gratuitously assisting the Naval Consulting Board in the work of collecting this data, and I confidently ask your earnest support in the interest of the people and the government of the United States.

Faithfully yours,

Woodrow Wilson

All Americans are asked to strike hands with the Engineers so that America shall learn how to raise up an impregnable wall of defense against a day of trial.
